COMPUTER GENERATED ART:

Available Applications:
Adobe Photoshop CS4*
Adobe Illustrator CS4

Preferred art is Vector based saved as EPS format.

*Color Photoshop files must be saved in CMYK mode. Black and white photographs should be saved in GRAYSCALE mode. Resolution should be at least 150 dpi at 100% of printing size and saved as EPS, TIFF or JPEG format. All photos must accompany the files in which they are used. All text MUST be outlined.

SUBMISSION OF ARTWORK:

Artwork can be emailed.
Artwork can also be sent on a CD or DVD.

All short runs are printed digitally. Some designs and some colors may incur streaking, mottling, ghosting and other undesirable effects. The colors most likely to do this are light colors, greens, oranges, and neutral colors (shades of gray).

To prevent undesirable effects we suggest avoiding large solid areas, and adding "digital noise" which may help if areas of solid color cannot be avoided.

Photography prints best so we encourage you to use photos.

In the event we need to make changes to your design in order to print, those changes will be made at a very low cost of \$25.00(z) per hour plus the cost of shipping the proofs.
